

Dear Members,

*I am proud and privileged to be the Hony. Secretary of this Institute and shall endeavour my best to serve The Indian Institute of Welding to the best of my ability. My first task will be to encourage Training and Educational Programmes from Welder's level to Engineers through our Branches all over India. Secondly, I would give more emphasis for the recognition of AM-IIW. I need your whole hearted support and co-operation towards building up discipline in the Institute and to make the Institute a Centre for Welding Education.*

*May I appeal to all Members of the Institute : please feel free to write to me any suggestions in regards building the Institute to its required standard.*

*With India's ever pursuing reforms in Trade/Industries and Economic policies and to take Indian Industries to a greater height, I feel convinced that the Indian Welding management will provide required linkages for a better tomorrow with improved quality to support Indian Industries.*

*Members - those who are defaulters and have not paid their subscription as yet, may I earnestly request them to pay their dues at the earliest. As in record, only 53% of the total membership have paid their subscriptions during the last year ended 31st March 1996. I once again request all members to co-operate with the Institute and pay their dues in time.*

*Wish you all, a Happy, Bright & Prosperous New Year.*

*Yours sincerely,*

*Sd/-*

**A. K. MUKHERJEE**
