

Gandhian Thought – Some Gandhian Dictums

Prof.(Dr.) CG Ramachandran Nair*

Mohandas Karamchand Gandhi (1869 – 1948) is honoured the world over as one of the greatest leaders of men for all time. In India, he is revered as the Mahatma (great soul), *Bapuji* (Respected father), *Gandhiji* or *Mahatmaji* (*Ji* being an honorable suffix), *Rashtrapita* (Father of the nation) and so on. His use of NON-VIOLENCE as a powerful weapon against the imperialist power Great Britain stunned and mesmerized the whole world. And using Passive Resistance, *Satyagraha*, *Ahimsa* etc. (weapons which the world at large had never heard of before) Gandhiji and his followers vanquished the might of the British Empire and won freedom for India and Indians. Gandhian methods were later adopted by world leaders like Martin Luther King, Nelson Mandela and others of the same *ilk*.

Ethics, Righteousness, Moral Responsibility for one's actions, and devotion to Truth were all dear to *Mahatmaji*. His great books like

MY EXPERIMENTS WITH TRUTH are widely read and admired all over the world. He was a prolific writer and orator. Many of his wise sayings (*Gandhi dictums*) must be read and assimilated not only by every Indian, but also by every human being. I am giving below some of the dictums, which I have compiled from various sources.

- ❖ Happiness is when what you think, what you say, and what you do are in harmony.
- ❖ Where there is love, there is life.
- ❖ The weak can never forgive. Forgiveness is the attribute of the strong.
- ❖ My life is my message.
- ❖ The best way to find yourself is to lose you in the service of others.
- ❖ You must be the change that you wish to see in the world.
- ❖ It is health that is real wealth and not pieces of gold and silver.

* Prof [Dr] C.G. Ramachandran Nair is Former Secretary, Department of Science, Technology and Environment, Government of Kerala, and former Dean of the Faculty of Science, University of Kerala. He is an internationally recognised research professor in the field of chemistry and materials science. A Scholar in many foreign languages including German, French and English, he has travelled and lectured in India and broad on topics of science, technology as well as culture, ethics and philosophy and linkage between science and spirituality. He has authored several books on science, philosophy and culture. E-mail : profcgram@gmail.com

- ❖ Live as if you were to die tomorrow...
Learn as if you were to live forever.
- ❖ When I admire the wonders of a sunset or the beauty of the moon, my soul expands in the worship of the creator.
- ❖ Power is of two kinds. One is obtained by the fear of punishment and the other by acts of love. Power based on love is a thousand times more effective and permanent than the one derived from fear of punishment.
- ❖ You must not lose faith in humanity. Humanity is an ocean. If a few drops of the ocean are dirty, the ocean does not become dirty.
- ❖ I object to violence because when it appears to do good, the good is only temporary; the evil it does is permanent.
- ❖ Strength does not come from physical capacity. It comes from an indomitable will.
- ❖ Prayer is not asking. It is a longing of the soul. It is daily admission of one's

weakness. It is better in prayer to have a heart without words than words without a heart.

- ❖ Nobody can hurt me without my permission.
- ❖ Non-violence is the greatest force at the disposal of mankind. It is mightier than the mightiest weapon of destruction devised by the ingenuity of man.
- ❖ Satisfaction lies in the effort, not in the attainment, full effort is full victory.
- ❖ A small body of determined spirits fired by an unquenchable faith in their mission can alter the course of history.

May the gems of Gandhian thought keep on inspiring one and all of us. Let me quote here the Vedic prayer: 'Aano bhadra krtavo yantu विश्वतः) ['Let noble thoughts come to us from everywhere']].

Mahatma Gandhi about Customer

“A customer is the most important visitor on our premises.

He is not dependent on us. We are dependent on him.

He is not an interruption to our work. He is the purpose of it.

He is not an outsider to our business. He is a part of it.

We are not doing him a favour by serving.

He is doing us a favour by giving us an opportunity to do so.”
